

State Agency Waste Management Annual Report for

**California Department of Transportation, District 10 (368)  
2002 - Annual Report**

## Annual Report Summary -

Printed on 7/24/2003 11:23:31 AM

### Part I

State Agency Name: California Department of Transportation, District 10  
Address: 1976 East Charter Way Stockton, CA 95205  
Director: Mark Leja  
Title: District Director  
Recycling Coordinator: Ron Leonetti  
Address: 1976 East Charter Way Stockton, CA 95205  
Work Phone: (209) 948-7872 Ext: 0  
Fax Number: (209) 948-7774  
Email Address: Ron\_Loenetti@dot.ca.gov  
Total Employees: 774  
Total Vistors, inmates, etc : 8,511,950

### Part II

<b>Total Employees: 774</b>		

## Part III Section 1

Summary of program information entered to date.

### Diversion Calculations

Program	Existing	Planned/ Expanding	Tons
Business Source Reduction	X		3.000
Material Exchange	X		1.000
Beverage Containers	X		1.000
Cardboard	X		2.000
Office Paper (white)	X		6.000
Office Paper (mixed)	X		3.000
Scrap Metal	X		116.000
Self-haul greenwaste	X		400.000
Wood waste	X		1.000
Concrete/asphalt/rubble (C&D)	X		11,024.000
<b>Total Tonnage Diverted</b>			<b>11,557.000</b>
Total Tonnage Disposed			276.000
<b>Total Tonnage Generated</b>			<b>11,833.000</b>
<b>Overall Diversion Percentage</b> (Tonnage Diverted / Tonnage Generated)			<b>97.7%</b>

**Hazardous Materials (Programs not included in calculations)**

Program	Existing	Planned/ Expanding	Tons
Batteries	X		(3.500)
Used Oil/Antifreeze	X		(1.400)
Other HHW	X		(3.600)

## Part III Section 2

This section of the annual report presents the methods in which your agency informed both employees and customers served that a recycling program was being implemented. Below are identified the programs you reported were continued or implemented during 2002.

1. Web Page
2. Newspaper Articles/Ads
3. Brochures, Newsletters, Publications
4. Fliers
5. Office Paper Recycling Guide
6. Outreach (technical assistance, presentations, awards, fairs, field trips)
7. Workshops

## Part III Section 3

### Procurement Activities Implemented in 2002

This section of the annual report presents your compliance with the State Agency Buy Recycled Campaign (SABRC). The activities identified below were reported as implemented or continued during 2002. (Note: Completing this section does not meet the [SABRC reporting requirements](#) (PCC Section 12162(b)).

1. Department-Wide Recycled-Content Procurement (RCP) Policy
2. Annual Submittal of SABRC Report
3. Staff Recycled-Content Procurement Training
4. Joint Purchase Pools

## Part IV

1. **Is the mission statement of the State agency/large State facility the same as reported in the previous year?**

Yes

**If No, what is the new mission statement?**

2. **How has the waste stream (i.e. those materials disposed in landfills) changed since the Integrated Waste Management Plan was submitted? (Changes include kinds and quantities of materials disposed in landfills.)**

The biggest change in the waste stream is the amount of waste that went into landfill for 2002 decreased by 46 tons

compared to the previous year. Although this number is proportionate to those materials diverted or recycled there

has also been a reduction in total waste generated and as such has led to a reduction of all landfill waste.

3. **Summarize what [waste diversion programs](#) were continued or newly implemented in 2002.**

Our newly implemented program for 2002 is recycling of cardboard and while the numbers are low we expect it to increase

as awareness increases. We continue to recycle white paper, mixed paper, beverage containers, steel, aluminum, tires,

batteries, oil, antifreeze, and solvents. When appropriate, office furniture and computer equipment is donated to

charitable organizations or sent to surplus property for resale.

4. **How were the tonnages determined for the materials disposed and diverted? (e.g. waste assessments, per capita generation and extrapolation, actual disposal weights, or actual recycling weights)**

For materials generated within the District which were recycled, the weight was determined by reviewing the actual receipts

from the vendors who supply this service. Where obtaining actual receipts was not feasible

estimates were determined

by extrapolating the size and weight of the containers and multiplying by the frequency of service. The weight of the C&D

debris was determined by replacement-extrapolation.

5. **What types of activities are included in each of the reported programs? (The following link of [category definitions](#) may assist you in answering this question.)**

Our Business Source Reduction includes the use of email for communication, the posting of job opportunities, and various

newsletters. The Department also continues to encourage double-sided photocopying and the reuse of envelopes.

6. **Has the State agency/large State facility adopted or changed its waste reduction policy?**  
No

**If Yes, what is the new waste reduction policy?**

7. **What resources (staff and/or funds) did the State agency/large State facility commit toward implementing its Integrated Waste Management Plan in 2002 to help meet the waste diversion goals?**

The Department has identified one recycling coordinator at each District along with a Resource Conservation Senior at

Headquarters. It is the intent of the Department to include specification language in all new contracts that will require

future construction projects to report on the amount of C&D waste which is both disposed of and diverted from

landfills. This change is under development and will be implemented once all processes have been fully detailed. In

the interim, should there be any questions please contact Jack Ezekiel at (916) 651-8254.
